

# Hand and Surface Disinfectant

<b>Usage</b>	Reliable disinfectant for hands, surfaces, shower, WC, furniture, floors, upholstery, pet cages and other utensils. The handy companion for being on the move removes viruses, bacteria, germs, fungi and other pathogens permanently.
<b>Description</b>	Alcohol-free, mineral solution produced from water and salt using a patented electrolysis process. STERINEX disinfects highly effectively. And thanks to purely natural and biological ingredients, it is sustainable, environmentally friendly, and skin-friendly even with frequent use..
<b>Quantity</b>	50 ml (1.7 oz)
<b>Storage and Shelf life</b>	Store in a cool place and protect from direct sunlight. Use within 6 months after opening.
<b>Compatibility</b>	Also suitable for more frequent use. Skin compatibility is dermatologically confirmed. STERINEX is certified with the organic seal "Biozert".
<b>Efficacy</b>	Effective against influenza A viruses H1N1 and H5N1, Noro viruses, E. Coli and other coliform bacteria, herpes viruses, hepatitis viruses, moulds, Canidada albicans, Pseudomonas, Enterococci, MRSA, Salmonella, Camphylobacter, Staphylococcus aureus, Clostridia, Legionella, Streptococcus pneumoniae, Mycobacterium avium and many others.
<b>Mode of Use</b>	The disinfecting component is hypochloric acid; this breaks down the cell membrane of viruses and bacteria and oxidizes the latter. Thus viruses, germs and bacteria are reliably and permanently destroyed within seconds.
<b>Odour</b>	When the effect unfolds, the mineral salt chloride is released. As tiny particles of STERINEX are inhaled, these react with the urea found in the nasal mucous membrane and release a distinct chlorine smell.

## Usage

Can be sprayed several times on hands, surfaces, shower, WC, furniture, floors, upholstery, animal baskets or utensils. Wipe dry with a clean cloth on smooth surfaces.

## Special product features

- Removes corona and other viruses, bacteria, fungi and germs
- Ecological for humans, animals and the environment
- Reacts immediately
- Dermatest: very good
- No chemical additives, alcohol, fragrances or preservatives
- No formation of resistance possible

## Safety information

1. Use disinfectant safely.
2. Always read the label and product information before use.
3. No undesirable side effects.
4. Keep out of the reach of small children. Drinking STERINEX is generally non-hazardous for children and adults up to the amount of a normal water glass (approx. 100 ml). If your child has taken a few sips, do not worry. For larger quantities, please contact your doctor for safety reasons. This advice applies only to STERINEX.
