

# Universal Sanitizer

<b>Usage</b>	<p>Universal sanitizer for disinfecting water-resistant surfaces and water-resistant inventory in public buildings, hospitals, offices, airports, canteen kitchens, sanitary, household and other areas. Also suitable for disinfecting the room atmosphere by spray fogging.</p> <p>Can help protect against diseases and infections.</p>
<b>Description</b>	<p>Liquid broadband biocide with high oxidation power and excellent disinfection behavior. Highly effective against microorganisms and for reliable removal of biofilms. Removes 99.9 % of bacteria, viruses and fungi as well as other germs.</p>
<b>Storage</b>	<p>Store in a cool and dark place. Keep container tightly closed.</p>
<b>Disposal</b>	<p>Completely emptied containers can be disposed of in a waste disposal plant or with household waste.</p>
<b>Expiration</b>	<p>Shelf life 18 months in closed original container.</p>
<b>Ingredients</b>	<p>Aqueous, approx. 0.03% chlorine oxide solution (active chlorine, tetrachlorodecaoxide, chlorine dioxide, carbonate buffer)</p>
<b>pH value</b>	<p>7 to 8.5 (household-friendly)</p>
<b>Effectiveness</b>	<p>Effective against SARS-CoV-s, P. aeruginosa, E- coli, L. pneumophilia and others</p>
<b>Dosage form</b>	<p>Ready-to-use solution for spray or wipe application</p>
<b>Active ingredient concentration</b>	<p>&lt; 300 ppm</p>

 <p><b>Works against 99.9 % of pathogenic germs such as bacteria, viruses, fungi, etc.</b></p>	 <p><b>Disinfects surfaces reliably and inhibits new contamination</b></p>	 <p><b>Consists of disinfecting chlorine-oxygen compounds</b></p>
---	---	--

## Application

Spray objects and surfaces from a distance of approx. 30 cm until completely covered or completely wet by wiping application. Allow to act for 60 seconds. If necessary, wipe with a cloth or rinse with water. If necessary, test the resistance of sensitive surfaces in an inconspicuous place beforehand.

**Frequency of use:** as required.

**Note:** All data are only approximate values. The actual dosage depends on the degree of germination.

## Special Product Characteristics

- Short application time
- Broad antimicrobial spectrum of activity
- Sustained effectiveness; no development of resistance possible
- Without allergens and fragrances
- Gentle to the skin
- Contains no alcohols, ammonium compounds or solvents
- Free of copper and silver ions

 <p><b>For buildings and periphery</b></p>	 <p><b>For mountings</b></p>	 <p><b>For sanitary facilities</b></p>	 <p><b>Free from alcohol, solvents and fragrances</b></p>
